Worship

Team

Manual

June 2010

Introduction

This manual will give you a better idea of the intent and the requirements of the worship team here at Faith Fellowship. Please take time to read this carefully and prayerfully consider its contents.

We are on the front line of worship. We can either facilitate worship or distract from worship depending on how we perform our jobs.

Our Vision

To be a worship team (cohesive in focus, talent, style, and purpose) providing the best aural and visual environment (stimulus) to facilitate worship.

Our Purpose

Our purpose is to provide a vehicle for worshippers to connect with each other in the corporate praise and worship of God. We believe that worship is a primary means for us to participate in unbroken communion with God.

Our Priorities

We invest time, energy and money in worship. We provide for training and equipment, continually striving to grow and improve in all aspects in order to bring quality and authenticity to our worship.

Ordered priorities of this worship team:

1. We are about worshipping God, **all else is secondary.**
2. We are about modeling, and leading the rest of the congregation in, worship. Our purpose is to worship God, but our job is to model and lead others in worship.
3. We are about supporting, encouraging, and building up all members of the worship team. Being on a worship team is a hard and sometimes stressful job, but it must always be a safe place. We will be there for each other and we will hold each other accountable.
4. We will strive to attain the highest degree of musical skill we can achieve without compromising the superseding priorities.

Musician Development

We will, where possible, develop musicians for service in our worship ministry from within our local church body. Those interested in serving on the worship team should first show dedication to individual and corporate growth through:

- Regular attendance in Worship
- Musical Training
 - Basic Music Theory
 - Rhythmic Skills
 - Playing with other Musicians
 - Memorization of Worship Songs
- Service elsewhere in the church
- Faithful to Membership Covenant (if FF member)

Worship Team Job Requirements

In order to properly nurture and sustain the kind of worship we desire and to fulfill the biblical mandates regarding worship and work (worship in spirit and in truth; play skillfully; work as unto the Lord) we require all members of this ministry to commit themselves to the following requirements. These are not prerequisites to joining the worship team, but it is expected that team members will always be working to improve the skills appropriate to their position or area of service.

2. Practice your musical and/or technical skills regularly at home.
